Summary

Self-driven and passionate Full Stack Web Developer with strong skills in both **frontend** and **backend** development. Completed a Bachelor's degree in Computer Applications from Karnataka University and full stack certification from Future Leader Academy. I have hands-on experience in building and deploying web applications using modern technologies like **React.js**, **TypeScript**, **Spring Boot**, and **MySQL**. I'm committed to writing clean, maintainable code and enjoy building applications that solve practical problems. Quick to adapt, eager to learn, and highly organized, I'm seeking a developer role where I can collaborate with teams, contribute meaningful features, and continue to grow technically and professionally.

Technical Skills

Frontend: HTML, CSS, Bootstrap, JavaScript, TypeScript, React.js

Backend: Java, Spring Boot, REST APIs

Database: MySQL

Tools: Git, GitHub, Postman, VS Code, IntelliJ IDEA, Vercel

Soft Skills: Communication, Teamwork, Time Management, Problem Solving

Projects

1. Student-Teacher Appointment System ↗ [Live Project](#)

Tech Stack: React.js, TypeScript, Firebase, Bootstrap

- A complete appointment booking system for students to schedule time with teachers.
- Includes role-based authentication (Student, Teacher, Admin) and data storage using Firebase.
- Responsive UI with admin dashboard to approve student accounts and manage teachers.

2. Restaurant App ↗ [Live Project](#)

Tech Stack: React.js, TypeScript, Bootstrap, Spring Boot

- Developed a menu-based restaurant site using React and mock API integration.
- Included dynamic filtering by food categories and responsive mobile layout.
- Backend supports real-time menu item management, built in Spring Boot.

3. XO Game (Tic Tac Toe) ↗ [Live Project](#)

Tech Stack: React.js, TypeScript, CSS

- Classic XO (Tic Tac Toe) game built with modern UI and animations.
- Implemented light/dark mode toggle with component-based architecture.
- Fully responsive layout with interactive player logic and reset functionality.

4. Personal Portfolio Website ↗ [Live Project](#)

Tech Stack: HTML, CSS, JavaScript

- A professional and personal portfolio showcasing skills, projects, and contact form.
- Clean section-based design with smooth navigation and mobile responsiveness.
- Highlighted certifications and deployed projects using Vercel.

Education

Bachelor of Computer Applications (BCA) *Karnataka University Dharwad (KUD)* 2021 – 2024 | CGPA: 7.66

High School – ICSE Board *New Shams School, Bhatkal* Completed Year: 2020

Work Experience

Full Stack Developer – Training & Certified *Future Leader Academy (FLA ACADEMY)* Completed: May 2025

- Gained practical training in full stack development with real-time projects and deployment.
- Focused on writing reusable components, API integration, and database connectivity.

Pharmacy Assistant (Part-Time) *Local Pharmacy, Bhatkal* — Sept 2022 to June 2025 (2 years 10 months)

- Managed inventory, served customers, and ensured daily operations of the store.
- Developed strong multitasking and interpersonal skills.
